

ENVIRONMENTAL
RECOVERY
CORPORATION

WASTE PROFILE SHEET

As mandated by the Department of Environmental Protection, Environmental Recovery Corporation is required by law to have on file a list of all of our non-hazardous waste generators and a description of the process by which the waste is generated. Please take a moment to complete the description of the process generating the waste as requested below, and, sign and date the document and fax it back to us, ***prior to the start of the job***, at 717-393-0432. We would very much appreciate your returning the signed document **prior to** your waste being removed. ***Thank you very much for your cooperation!!!***
